

TAPESTRY OPERA

Studio COVID Protocol for Renters, Workshops and Rehearsals

Tapestry Opera is committed to providing artists with a safe, accessible and affordable home for creativity throughout the COVID-19 pandemic. We will do our best to keep you safe in our space, but ultimately, we are all responsible for stopping the spread of COVID-19. In addition to these mandatory protocols, we ask all renters to consider all the ways to have less people in the space.

CONTACT TRACING

- Upon entering the studio, each participant must take their temperature taken with the instant-read temperature laser
 - Renters must fill out our [Contact Tracing Form](#) ON EACH DAY OF THE RENTAL. All renters must provide a complete list of names and emails of every person who enters the space, no matter the length of their stay. **This information collection is purely for contact tracing purposes and will NOT be added to our marketing database.**
 - **If anyone's reported temperature is 38°C (100.4°F) or higher, they must immediately go home.**
- If within 48hrs of your time in the Ernest Balmer Studio, one of your participants begins to experience symptoms of COVID-19 and/or tests positive for COVID-19, a representative of your rental must contact Andrew Adridge at aadridge@tapestryopera.com

TESTING

- Tapestry Opera strongly recommends COVID testing prior to gathering in the space (even if everyone is vaccinated). This is up to the renter to book. Tapestry uses [FH Health](#) for their COVID testing purposes.

CANCELLATION

- Renters must cancel their booking if they feel any of the following symptoms on or before their day of rental: fever, coughing, difficulty breathing, sore throat or trouble swallowing, runny nose, loss of taste or smell, feeling unwell, nausea, vomiting, diarrhea.
- Renters must cancel their booking if they test positive, or have come into contact with someone who tests positive for COVID-19 within 14 days of their booking.
- Should the renter be forced to cancel for either of the above reasons, they will be welcome to re-book their rental once their symptoms clear and they have quarantined for at least 14 days.

DISTANCING

- The maximum number of people permitted in the studio is 80, with audience included, with a distance of 6 feet maintained between them at all times
- Tapestry will maintain 24 hours between different groups entering the space

BARRIERS

- All participants must be masked the entire time they're in the studio
 - Appropriate measures to ensure distancing must be taken in the event of singing/performing unmasked for any reason
- The studio has 6 stand-up wooden and plexiglass barriers that we recommend being used during the rental. Speakers may forego the barriers but must keep distance.
- Tapestry has 4 desktop plexiglass barriers that may be requested

CLEANING

- The studio will be thoroughly cleaned between each group of renters
- Participants in the space are asked to be aware of their COVID hygiene at all times. Lysol will be provided to wipe down door handles, microwaves, water faucets, countertops, etc as the day goes on.
- Hand sanitizer and disinfecting wipes will be provided to all participants and copious use is encouraged

FOOD AND DRINK

- Unfortunately at this time, Tapestry can not provide reusable dishes and cutlery. All participants can bring their own refillable water bottles, which can be filled up at the kitchen sink.
- We ask that participants eat their lunch outside when the weather permits. In the event of rain, participants may eat in the studio, making use of the barriers and keeping within their bubbles.

AIR FLOW

- **The HVAC system must be activated at all times to ensure continuous air circulation**
 - The exception to this is during livestreams or recording sessions, and only while actively streaming or recording.
- The double doors to the Ernest Balmer Studio should be propped open whenever possible to reduce contact spread from doorknobs
- When weather permits, windows must be opened during occupancy. They must be closed as part of the closure of the studio at the end of each day.

VACCINATION POLICY

- As of September 22, 2021, Tapestry Opera will enforce the following vaccination policy: All patrons, employees, and third parties must demonstrate proof of their full vaccination with a World Health Organization-approved COVID-19 vaccine.
- We have a full in-depth policy available for all renters and potential engagers. Please contact Andrew Adridge at aadridge@tapestryopera.com for more information.
